01 / PROFESSIONAL SUMMARY

Compliance and governance professional with 5+ years in regulated sectors, combined with director-level experience across web development, eCommerce and creative operations. Strong SQL, reporting, process improvement and stakeholder management.

02 / PROFESSIONAL EXPERIENCE

Compliance Officer

Commercial Services Group (Kent)

May 2021 — Present

Kent, UK

Manage compliance requirements across multiple local authorities within Education, Social Work and Care sectors — auditing, reporting, and continuous improvement at scale.

- Manage compliance across multiple local authorities in Education, Social Work and Care
- Conduct audits, compliance reviews and quality assurance against regulatory requirements
- Analyse large volumes of documentation to identify discrepancies, risks and improvements
- Investigate issues, identify root causes and support corrective action implementation

Director, Developer & Client Coordinator

Fleet Hosting Limited

Oct 2023 — Present

London, UK

Lead website development, software engineering and digital transformation projects — from SQL-backed systems to workflow automation and client delivery.

- Lead delivery of website development, software engineering and digital transformation
- Work with databases, SQL queries and data structures for client websites and systems
- Translate business requirements into scalable technical solutions
- Design and implement workflow automation to improve operational efficiency

Director & Operations Manager

PackRipperz Limited

Nov 2025 — Present

London, UK

Manage operations for a growing eCommerce and trading card business — sales analysis, inventory forecasting, and scalable operational workflows.

- Manage operations for a growing eCommerce and trading card business
- Analyse sales performance, purchasing trends and customer behaviour
- Oversee supplier management, stock forecasting and inventory planning
- Develop reporting processes for operational performance and profitability

Director & Creative Operations Lead

Cairo Ren Limited

Nov 2025 — Present

London, UK

Manage creative operations, project delivery and client relationships across marketing, media and creative projects.

- Manage operations, project delivery and client relationships
- Coordinate marketing, media and creative projects end to end
- Develop operational workflows and project management processes
- Analyse campaign and project performance data to improve client outcomes

02 / PROFESSIONAL EXPERIENCE — CONTINUED

Sales Assistant

Currys PC World / Carphone Warehouse

Nov 2018 — Sep 2022
United Kingdom

Consistently exceeded sales targets while coaching colleagues and analysing performance metrics in a high-volume retail technology environment.

- Consistently achieved high sales performance against targets
- Analysed sales reports and performance metrics
- Supported management with team leadership responsibilities
- Delivered coaching and training to colleagues
